

ASPARAGUS HARVESTING

VHS have enhanced their range of Asparagus Harvesting Machines.

With all three machines, the combined team work carried out during the harvesting process provides a higher level of efficiency, leading to increased productivity and profit.

They are built to VHS's usual high standards to provide efficiency, reliability, robustness and easy maintenance.

TRACTOR MOUNTED ASPARAGUS HARVESTER

- Three point linkage mounted
- Harvesting arms are mounted on the 2 pallet capacity carrying platform
- Overall width up to 24m
- For transportation purposes turn booms through 90°, the booms park either side of the tractor
- No front brackets allowing for easier mounting onto the tractor
- Electric or hydraulic cylinders available to lift the booms

TRACTOR MOUNTED HARVESTER WITH PLASTIC LIFTING UNITS

This machine is a stronger framed tractor mounted machine which allows the plastic lifting units to be mounted. The machine then lifts the plastic enabling the harvest to take place, the plastic is then re-laid behind the machine.

NEW TO THE UK, SELF PROPELLED ECOGREEN ASPARAGUS HARVESTER

- Self propelled machine covers up to 5 beds
- Battery powered 24 volt 480 watt motors
- Storage capacity with sun shade for the full trays
- Large wheels for good traction and strong high clearance chassis

REVOLUTIONISING CROP MANAGEMENT

Vegetable Harvesting Systems supply and manufacture machines and equipment for a variety of produce. These cover a complete crop growing cycle from initial land preparation through to final packaging.

WHAT EQUIPMENT DO VHS SUPPLY?

● LAND PREPARATION

Rotavators, cultivators, power harrows, bed formers, polythene laying and recovery equipment.

● PLANTING

Automatic transplanters, seeding lines, modular seed trays and racking systems.

● HARVESTING

Slewing carts, trailers, driverless systems and self-propelled harvesters.

● PACK HOUSE EQUIPMENT

Washing and weighing machines.

WHAT CAN VHS DO FOR YOU?

● ENHANCE PRODUCTIVITY

Through reducing labour costs and crop damage.

● INCREASE COMPETITIVE ADVANTAGE

Through using the right equipment that helps you stay ahead of the competition.

● IMPROVE PROFITS

Through increased productivity.

WHY CHOOSE VHS?

VHS have years of experience and expertise in the design and manufacture of crop harvesting machines and equipment.

VHS work closely with their customers and take original ideas and concepts and develop them into equipment that best suit their requirements.
